

# THE DAILY APPEAL

WANTED.—A good house servant. Enquire at this office.

SERVICE in the Catholic Church at 11 a. m. to-day.

M. E. CHURCH.—Preaching at the usual hours, to-day.

SERVICES in the Episcopal Church at 11 a. m. and 7 p. m. Sunday School at 12 1/2 o'clock.

PRESBYTERIAN CHURCH.—There will be no service to-day, as the Church is undergoing repairs. On the following Sunday Rev. Mr. Stewart will preach.

DR. SIMMS' lecture last evening was very well attended—the Theater being nearly as closely packed as it comfortably could be. To-morrow night there will be an entire change of programme, for particulars concerning which see advertisement.

THE CARSON CITY AND TRUCKEE WAGON ROAD.—It would seem from the following, which we clip from yesterday's Truckee Tribune, that the project of building a wagon road from this place to Truckee is still being agitated among the citizens of the latter place:

On next Monday, if the weather is propitious, a party of surveyors will start out under the supervision of Mr. Hawthorne, to survey the route for a wagon road from this point to Carson City. The amount of road that would have to be built is only some ten miles and will throw a very large and valuable trade through this place. By the middle of the present month the Virginia and Truckee Railroad will be in running order between Carson City and Virginia, and the building of the proposed wagon road would throw the Virginia travel through this place instead of Reno, as at present. The estimated cost of the road would be some \$10,000, and its length about 27 miles. In time the railroad will be built to the shores of Lake Tahoe, and it would then take but little to induce the company to continue it to this point. In fact talk to that effect is already being made. This is the natural point for the V. & T. R. R. to connect with the great national thoroughfare as it passes in its course through the most valuable timber lands in the State, and because it cuts off a good number of miles of travel. Truckee, if its citizens so elect, has the means of being always, as it is now, the best town on the line of the C. P. R. R. The money for building the road, if it should be found as practicable as anticipated, will be met by public subscriptions from the citizens of Carson City and of this place.

SAM HILDEBRAND, THE OUTLAW.—A letter was received in this city a day or two ago, from Sam Hildebrand, the notorious outlaw, stating that he had come to the conclusion that he could no longer keep up a war against the whole country and begging to be "let alone." He promises that he will never more molest anybody and will in future act like an honest and peaceable man. This letter is in the hands of some of the friends of Hildebrand—gentlemen who served in the Confederate army—and will no doubt be published. An effort is also being made to raise a subscription for the outlaw. We are not prepared to say whether Governor McClurg, Colonel Bowen and the people of St. Francis county are willing to allow the outlaw to pass the remainder of his days in peace, or whether he will be followed to his new abode and brought to justice.

Last night we met with Judge Sebastian, of Farmington, who has known Hildebrand for many years. The Judge gave us the following short sketch of the outlaw's career:

Hildebrand is an illiterate backwoodsman, unable to read or write, and the letter in circulation here must have been written by somebody else. At the breaking out of the rebellion, Hildebrand went to Arkansas and joined the half-civilized band of Jeff. Thompson. He made a business of stealing and running off horses, and Jeff. was strongly inclined to hang him, if he could have caught him. Finding that the rude soldiery of the "Swamp Fox" was disposed to hang him for his misdeeds, Hildebrand left the army and came up into southwest Missouri as a bushwhacker. He continued to steal horses from farmers and made no distinction between friends or foes. He shot his partner in the bushwhacking business and the German troops in the county finished the man soon afterward. Hildebrand also killed Rowan, and Rowan's son, in retaliation killed Hildebrand's brother. Hildebrand killed an old man named Ringer and shot young McIlvaine while he was at work in his field. How many men he killed is not known, but his last victim was McClain, whom he shot only a few months ago. A great deal of sympathy has been excited in behalf of Hildebrand by stories of his wrongs—the burning of his mother's house, the killing of his brothers, and the persecutions of his whole family; but Judge Sebastian assures us Sam was the first transgressor and was never

ill-used before he committed depredations upon others. It is to be hoped that the Southeast is permanently rid of the most audacious outlaw that ever preyed upon a community and that we shall hear no more of Sam Hildebrand.—St. Louis Democrat, Oct. 27.

INFORMATION WANTED.—Valentine Rock, aged about thirty five years, died at Aurora, (Nev.) last May. He was a baker by trade and formerly resided in Tuolumne county, California, and is supposed to be a native of Wirttemberg, (Germany). He had a brother in Oregon—a brewer residing near the line of California. The administrator of his estate, John Till of Aurora, wishes to hear from the brother and ascertain his address as there is business of importance to him. The California Democrat, San Francisco, and Oregon papers will confer a favor upon the heir by a publication.

## BROOKLYN LIFE INSURANCE COMPANY, Of New York. MUTUAL. ASSETS, OVER \$1,500,000

OFFICERS:  
CHRISTIAN W. BOUCK.....President  
ABRAM D. POLHEMUS.....Vice-President  
WILLIAM M. COLE.....Secretary  
D. P. FACKLER.....Consulting Actuary  
DANIEL AYRES, M. D., LL. D.....Physician  
AUGUSTUS FORD.....Counsel

THIS COMPANY COMMENCED BUSINESS September 1864, with a PAID-UP CASH CAPITAL of \$125,000, of which amount the sum of \$100,000 is deposited with the Insurance Department of the State of New York, for the benefit of ALL THE ASSURED, whether in that State or elsewhere.

The business is transacted on the Mutual system, the profits being divided among the policy holders, who are also entitled to a voice in the election of the Directors.

In the third year of its existence, its income amounted to the large sum of nearly one-half a million of dollars—\$465,411. This unvaried result forcibly indicates the favor in which the advantages of the Brooklyn are held by the people of our whole country.

Taking into consideration the active and extensive competition existing throughout our country in Life Insurance circles, and the consequent difficulties in opening a new business, the Brooklyn has cause for self-congratulation in its progress, while, now that our transactions are dominating in magnitude, with great rapidity, we are earnestly determined to remain what we have already become—the BEST LIFE INSURANCE COMPANY IN AMERICA.

**POLICIES**  
Of the following kinds will be issued by the Brooklyn Life Insurance Company:  
Ordinary Life;  
Life in Limited Payments;  
Joint Life;  
Ordinary Endowment;  
Endowment in Limited Payments;  
Term and Annuities.

The offices of this Company invite attention to the new feature of DEFINITE, GUARANTEED, SURRENDER-VALUES, now offered to all who become policy holders. The reader is particularly reminded that this value is not expressed in the mystifying vernacular of Actuarial technicalities, but is plain to all, stated in dollars and cents.

The Brooklyn Life Insurance Company of New York guarantees to every policy holder a definite surrender-value in cash, the exact amount of which, in dollars and cents, is endorsed on each and every policy issued.

The Brooklyn Life alone of all Life Insurance Companies guarantees a definite surrender value in cash, and every policy issued by that company bears a certificate stating what this exact worth will be in dollars and cents, at any time, after the payment of two more annual premiums.

A policy holder in the Brooklyn Life need have no apprehension as to his movements being limited or restrained by geographical lines. He may go where he pleases—live where he elects; Europe, Asia, Africa, South America, Mexico, and Polynesia are as free to him as the United States.

The Brooklyn Life challenges competition in the matter of DIVIDENDS TO ITS POLICY HOLDERS! The Dividends are larger than have ever been paid by any other Life Company in this country, at the same age, on the same kind of policies.

Policies valuable IN LIFE, as well as at Death! All policies are non-forfeitable after two full Annual Premiums have been paid.

Rates as low as are consistent with financial soundness, and less than those of almost all companies which accommodate their assured with loans.

Dividends annually (after second year), in cash. Dividends are divided on the Contribution Plan—the only equitable manner of dividing the earnings of a Life Insurance Company.

Promptitude in paying Losses.

No charge for policy or stamp, or for medical examination.

Policies issued payable either in gold or currency.

**PACIFIC PROTECTIVE ASSOCIATION!**  
OF CALIFORNIA.  
Incorporated.....October, 1868

**OBJECT:**  
To secure a cash payment within sixty days after proof of the death of a subscriber, to his or her heirs or assigns, of as many dollars as there are individuals of the class to which such deceased subscriber belongs.

**MEMBERSHIP:**  
The subscription fees are Ten Dollars at joining, and One Dollar on the death of each subscriber. The one dollar from each subscriber is paid to the heirs or assigns of the deceased.

The subscribers are divided into classes, including males and females. Each class is limited to 5,000 subscribers. As classes are filled new ones will be formed. No person is so poor that he can not pay ten dollars at joining and one dollar occasionally, thus securing \$5,000 to his or her heirs or assigns.

**ADVANTAGES:**  
The advantages of this Association are, no Money Paid can affect it. Its benefits are easily attainable by all, and every subscriber added to the Association enhances the interest and protection of all; the amount paid being so small, and only at intervals, that any person can secure for his family a competency upon his death. One class can not be assessed a member of another class dies. Classes have no connection with each other.
